

PRESS RELEASE

20 September 2018

RELEASE DATE: IMMEDIATELY

National Tutoring Week 2018

Jackson Education Support
7048 Old Canton Road
Ridgeland, MS 39157

We're excited to report that [Jackson Education Support](#) is the only education firm in Mississippi where adult learners and parents can find a tutor that's certified by the National Tutoring Association. This sets us apart!

About JE

Jackson Education Support (JE) exists to support the development of more independent learners of all ages. This mission is accomplished by implementing personalized in-person and online solutions for individuals and organizations. Our approach is unique because we leverage character development to affect cognitive development. The outcome is that clients improve performance and transition into more challenging environments with greater confidence.

You're invited to connect with us on [Facebook](#), [Instagram](#), and [Twitter](#)!

About Our #NTW2018 Festivities

Increasing motivation to learn is half the battle, so we're giving away our [branded #winning shirts](#) to winning clients; parents received \$200 travel saving cards.

Middle school literacy is a hot topic in Mississippi, so we're delivering 'popping in to say thanks for all you do' gifts to [middle school counselors](#).

Lack of understanding and strategy impedes parental engagement, so we're inviting clients (past, present and future) to enjoy hors d'oeuvres and bring assessment score reports, homework, newsletters, and other performance documents to the center for [free consultation](#).

Selfcare is a commonly undervalued requirement to commit our best selves to education and learning, so we're awarding four [free 15-min massage therapy](#) sessions with a licensed therapist to individuals who entered the social media competition.

A Special Thank You for the JE Community

We appreciate the opportunity to build relationships and broaden our impact on academic and character development outcomes. Jackson Education Support is committed to enriching our local and global community, and we look forward to many successful years ahead.
